Dear Sir:

Re: Contract EG-400, Task I

As required by paragraph 20 (c)(ii) of subject contract, Eastman Kodak Company hereby certifies that no subject inventions were made or reduced to practice during the performance of Task I.

It is hoped that this certification will enable you to reinstate the withholding taken in your letter DPD-3612-61, 9 June 1961, and that we can now proceed to close out this task.
